

## Create an App

The subscriber (Developer) can create an app by navigating to the SAMi portal from the main menu.

To create an app from the Homepage, do the following:

- 1. Login as a Developer by providing your **Email address** and **Password** in the respective textboxes.
- 2. Click Sign In. The Homepage is displayed.

3. In the Homepage, search the product by entering with **Product name/ Keyword** and press **Enter**.

4. You will view the products on the **Explore** page.

## SAMi Create App - Quick Start Guide

5. Select a Product of your choice, click on **Read More** link. Here, you will view the Product **Summary** page.
