**Manage** – This tab when clicked, it will allow you to manage the app information by making changes to some of the information like, Call Back URL, and Description. Also, you are allowed to change the **Status** from **Enabled** to **Disabled**. When you are done with the changes to the app information, click **Update**.

**Note**: When you change the **Status** from **Enabled** to **Disabled**, and click **Update**, you will no longer be able to access the app again, as it gets disabled. Furthermore, if you wish you can enable it again to use it by selecting the radio button to **Enabled** and clicking **Update**.

### View Subscribed Products in Dashboard

To search monetized and non-monetized products after subscription, do the following:

1. Go to **Dashboard** > click **Developer Dashboard**. The Developer Dashboard is displayed.

- 2. In the **Developer Dashboard**, click to select the **View** dropdown.
- 3. Click Monetized.
- 4. Enter the product name in the "Search by Product Name" search box.
- Click on Search icon. The Monetized products are displayed.

**Note**: If you select **All** in the **View** dropdown, it displays all the products subscribed by the Developer. When **Monetized**, is selected it displays only the monetized products subscribed by the developer.

Similarly, when you select **Non-Monetized** products, it displays Non-Monetized products based on the selection.
